Ever wonder what it would be like to work Public Relations for Ford, or General Motors? Imagine a thousand cameras flashing in your eyes through a forest of microphones, everyone millions of dollars and world-wide headlines riding on your every word as you try to navigate your company through crisis, time and time again. It's not for the faint of heart... But it does make for one entertaining memoir! Welcome to the life of Jason Vines, the man who preserved the good name of Ford/Firestone, Jeep, General Motors, Nissan, Chevy, and other mega-companies throughout one catastrophe after the next. In Vines' candid first book, "What Did Jesus Drive", you'll hear about all the trials, tribulations, hilarity, and heartbreak of being a master PR consultant – straight from the man with the silver tongue himself! Outrageous as it is insightful, shocking as it is refreshing; "What Did Jesus Drive" will have you laughing yourself hoarse all the while teaching you how to keep your cool with IT hits the fan! This isn't the PR class you took in Business School! And relax; this is not a book about Jesus. (Although he does appear in two chapters: first as a Hispanic grandfather from Waterford, Michigan, and later as the real Prince of Peace.) No, this book is about a life in the public relations blast furnace of the automotive industry; being the only man on the front line. If you're a company owner, CEO, PR professional, the lessons and stories in this book are **INVALUABLE** for you and everyone in your PR department! Even if you're just somebody who enjoys a look into the wild ride in the world of corporate America, this book is for you. Get your copy of "What Did Jesus Drive" now, and let the games begin! ****Reviews**** "Jason's story telling is his honest account of time well spent in a career documenting numerous pivotal events we all want to hear about." – Lee Iacocca "Get me Jason Vines! How I wish as the candidates I worked

for screamed, screwed, or gaffed their way into crisis, I had called on Jason Vines. This is more than a corporate PR book - it's a masters' class, no holds barred, white knuckle ride of insights and wisdom for anyone whose job it is to communicate for a living." – ?????? "Jason Vines in raw and real story telling of his own journey explains to every politician, celebrity, corporate communications professional and government agency that has ever faced trouble (yes I am talking about you NFL - read this one Goodell!) why we have such a hard time telling the truth, why that's the whole frickin' problem and what we can do about it." – Joe Trippi, Democratic Campaign and Media Consultant. "Jason Vines lived The Hurt Locker, defusing one public relations I.E.D. after another. To think some of the largest corporations we can name have been this close to pure PR disaster, and yet were saved by the insight Jason earned from decades of corporate cage fights, is truly amazing." – Dutch Mandel, AutoWeek Publisher "I always knew I could count on Jason for an unbiased and honest opinion." – Dr. Ricardo Martinez, MD, FACEP and former NHTSA Administrator Bentley Publishers is proud to announce the publication of the Volkswagen Jetta, Golf, GTI Service Manual: 1999-2005. Nissan Z is the officially licensed 50th anniversary history of Nissan's legendary Z family of sports cars. First published in 1981, this book has long been recognized as the 'bible of Scalextric', providing a complete catalogue of the cars and equipment produced. Now, for this seventh edition, the book has undergone a transformation, with a complete redesign and masses of new information about cars, sets and accessories produced around the world. As well as extra detail about earlier periods, there is full coverage of all the new Scalextric products launched in the four years that have elapsed since the previous edition. Now containing nearly 1,000 photographs, this book has become an extraordinarily detailed summary of everything in the world of Scalextric, written by an author who has been captivated by the subject for nearly 50 years.

Jaguars are a minority among the millions of cars in the United States, but every year thousands of Americans still seek them out, passing by the more popular German and Japanese brands and opting for cars made by a quintessentially British company that nearly disappeared in the seventies and hasn't been British owned since 1992. Confessions of a Jaguar Owner sets out to explain

why those drivers make such a choice and how they are rewarded (or punished) once the choice is made. The book begins with the author's initial reaction to his own Jaguar purchase, including a certain ambivalence about technologies such as computer aided suspension and dynamic stability control. He also learns a very low-tech lesson about what happens when you scrape a Jaguar wheel against a curb in a lovely seaside town. He begins to wonder why he bought such a car in the first place. Such thoughts lead to comparisons to some of Jaguar's chief rivals and to a search for the origin of the Jaguar brand identity by tracing the history of the company from its founding almost a hundred years ago. The author also checks up on what modern automotive pundits have to say about Jaguars, both on the Internet and in traditional media outlets from Car Talk to Top Gear. Then it's on to the more down to earth concerns of Jaguar ownership. How fast can I go in this car without killing myself or losing my license? Do I really need a front license plate? What is the J-Gate? Will my friends and relatives outwardly mock me but secretly envy me if I buy this car? And even more critically, what effect will a Jaguar have on attracting potential partners or on keeping the one I have? Also includes an overview of the current new and used market, noting possible pitfalls and zeroing in on where the bargains are to be found. Contains 37 color photographs, including shots of iconic Jaguar classics and a variety of Jaguar rivals. The Datsun 240Z was a landmark in automotive history--some say the Japanese E-type Jaguar--and by the time the first generation of Z--cars came to an end in 1978, everyone around the world knew the name Datsun and that the company was serious about sports cars. Discusses when using air bags is unsafe and specific steps to take to reduce the risk. Describes on-off switches and who should consider installing them. "Nissan Z: 50 Years of Exhilarating Performance is a handsomely illustrated coffee-table book celebrating five decades of Nissan's immensely popular Z-Cars, from the ground-breaking 1970 240Z to today's top-performing 370Z, including the 50th anniversary Z. The story begins with the introduction of Nissan's (then Datsun) first foray into the sports-car world, the Datsun Roadster then gets into the details regarding the creation of the legendary 240Z. Each derivative is explored: including 260Z, 280Z, 280ZX, 300ZX through today's 370Z. Nissan's Z is one of the few sports car models to be in production for 50 years, and Nissan Z pays fitting tribute to its proud heritage"-- Nissan Z: 50 Years of Exhilarating Performance is the Nissan-official chronicle of Z history, from Datsun's planning for the new model in the late 1960s through the latest 50th anniversary Nissan 370Z. The Datsun 240Z revolutionized the sports car industry and demolished established assumptions about Japanese automakers. With the Z, Datsun gave the world a sleek, sexy, fast product—one that forever banished the idea that Japanese manufacturers could only build economy cars. Over the past 50 years, six generations of the Z car have generated a massive, devoted following. More than 1.5 million cars have been sold worldwide. The retro-inspired 350Z reinvigorated the Z's fortunes in the 21st century, and the latest incarnation, the 370Z, continues the tradition of high-performance in a modern, affordable package. In addition to a complete history of the Z, this handsomely

illustrated book examines the car's significant racing history with successes in IMSA and SCCA sports car racing, including extensive racing by Paul Newman for Bob Sharp and John Morton with Brock Racing Enterprises. Special attention is devoted to the cult of Z-fans around the world who have supported Nissan's sports car through thick and thin and the early car's emergence as a rapidly appreciating collector car. The story is told by author Pete Evanow, who has enjoyed a long relationship with Nissan. His insights into the history of this automotive icon provide a fresh, compelling perspective on the five decades of the Z that no enthusiast will want to miss. Have you ever had the feeling that you have experienced a sales and marketing challenge before, but were uncertain about what to do next? Have the conventional tools become less effective for you? You tried direct mail, networking, print advertising, and cold calling. Nothing seems to work anymore. Welcome to the "new normal." New and different marketing techniques are needed for you to remain competitive and to stay in business. This new landscape is very complex: Facebook, LinkedIn, and Twitter have replaced the water cooler as the customer hangout. E-mail marketing letters are often considered SPAM and don't even get opened. Bricks and mortar stores are now being trumped by websites that offer e-commerce, online chat, blogs, and deep discounts. Personal selling has never been harder since customers seem to hide behind voice mail and e-mail. Getting your website found in a Google search is increasingly difficult as the battle for keywords rages. You need to do something better and different --- you need "Deja NEW Marketing." The book follows the author's journey from the moment he decides to embrace his latent passion for cars, through his journey across Europe in a mid 90s Ferrari, and beyond. Researched and written in Japan with the full co-operation of the factory, here in definitive detail is the story of the Honda S2000 – a series of open two-seaters that built on the success of the NSX, helping the company justify its on-track exploits with a proper line of sporting machinery. Successful immediately, the S2000 models defended Honda’s honour on the tracks, but it was in the showrooms where the S2000 excelled. After a major face-lift, it was eventually killed off in 2009, but is as popular today as it ever was as a modern classic for enthusiasts.
